PREFACE

This publication was developed in response to the many requests for information on sheep that have been received by the Science and Education Administration--Extension Staff of the U.S. Department of Agriculture and by the State Cooperative Extension Services.

It lists private organizations, State sheep organizations, land-grant universities, and State Extension Services in the United States that have publications, visual materials, or resource persons that may be consulted for information on sheep. The publications and visual materials available are listed as provided by the source organization, or a notation is made that no information was provided.

This reference is intended by use by colleges, universities, researchers, Extension personnel, 4-H adult leaders, and others who are interested in educational materials on sheep. It will be updated biennially. If you have additional listings, please send them to us.

DIXON D. HUBBARD
Program Leader, Animal Science
Science and Education Administration--Extension
U.S. Department of Agriculture
Room 5525-South Building
Washington, D.C. 20250
Telephone: (202)447-2677

Reference to commercial firms, trade products, or company names is only for identification and does not imply endorsement by the U.S. Department of Agriculture. Inclusion of such references in this listing implies no approval of their products to the exclusion of others which may also be suitable, and the Department neither guarantees nor warrants the standards of the products.

The Science and Education Administration of the U.S. Department of Agriculture offers its programs to all eligible persons regardless of race, color, sex, religion, age, handicap, or national origin, and is an Equal Opportunity Employer.

December 1980

 Scrapie
 Meats on the Move
 Buying and Preparing Lamb Cuts
 Let's Cook Lamb
 Growing Alfalfa Successfully

Video tapes were prepared by Winrock International and American Sheep Producers Council, Inc. Available as 3/4-inch cassettes or 1/2-inch reel tapes. These tapes require the use of a television receiving set and a recorder for either the 3/4-inch cassettes or 1/2-inch reels. All tapes are in color. No charge is made if cassettes or tapes are picked up and returned by hand. If ordered by mail, \$1.00 is charged per cassette or tape to cover postage and handling costs. These are available from:

Tele-Communications Center
 B-20 Stewart Center
 Purdue University
 West Lafayette, IN 47907.
